Phone: (504) 392-2400 • Web: www.gasandsupply.com

Gas And Supply, one of the nation's largest independent distributors of welding products, tools, safety, shop supplies, paper and janitorial products, industrial and specialty gases, will host our **2016 Open House** from 10:00 a.m. until 2:00 p.m. on **Wednesday, October 26.**

Ask the Pros.

Again this year, over 100 of the world's top manufacturers will bring a diverse mix of equipment and industrial products that you will not see together anywhere else. We will have product demonstrations, hands-on training, answer questions, and offer solutions to improve our customer's productivity, safety, and bottom line. Our **usePOINT** industrial vending solutions trailer will also be on-site so customers can try-out this state-of-the-art money-saving system.

"Our Open House is a chance to show all of our customers what's new in our industry and thank them for their business." - Gary Hooter, President, IWS Gas And Supply

Super Special Open House Pricing

has been secured for our customers on everything brought in for the show. We will have tremendous deals on capital

equipment; welding supplies; electric, pneumatic, and hydraulic tools; hand tools; safety and environmental clean-up

products; a wide range of shop supplies; and much, much more.

IWS Industrial and Specialty Gases will have several experienced technicians and chemists available as well. These in-house specialists offer industry best practice solutions to help give our customers a competitive advantage. We can also provide tours of our high tech gas lab and production facility. Whether individual cylinders, bulk tanks, specialty gas mixes, or any other custom gas applications, IWS Gas And Supply can deliver results.

"I'm confident that the more you know about IWS Gas And Supply, the more you will want to do business with us." - Ricky "Mousey" Chiasson, President, IWS Gases
